1958-1959

As we walk down this road of the future
our way is lighted by God's guiding rays
and the lights and lamps of our parents,
teachers, and friends. The road goes on
and on as we press forward to success.
We have achieved one more year, but must
continue on until wisdom is ours.

Dedication

IT IS with gratitude and respect, Miss Prentice, that we dedicate this 1959 *Mizpah* to you.

Always you are busy, yet you have time to help anyone who calls on you at any time, and it is for this that we students especially thank you.

We appreciate your ability to refrain from making fun or laughing at our foolish questions--questions to which we should usually know the answers.

We thank you for your knowledge, your patience, your keen sense of humor, your ability to like everyone, and your kind way in telling us we are making too much noise in your library.

ONE WAY

L. G. Scales, M.A.
President
He leads, we follow.

The President's Message

The great Aristotle was once asked how much superior educated men were to those uneducated. He replied, "As much as the living are superior to the dead." Time has proven the old philosopher to be right.

The year of your life that you have just spent on this campus was a good investment. Authorities tell us that the College graduate of '59 will earn more than $100,000 more than a non-graduate during an average lifetime.

But education is of more value than wealth. In the book, "Gods, Graves and Scholars," the author tells of the evacuation of the city of Pompeii, which was buried by the lava of Mt. Vesuvius. "The first body uncovered stretched out full length was a skeleton, with gold and silver coins that had rolled out of his bony hands, still seeking, it seemed, to clutch them fast." There comes a time when money is worthless, but education has values that will hold into the eons of eternity.

Education is valuable because it is part of the work of redemption. It is worth more than money or social prestige. More important than a good rating in "Dunn and Bradstreet," "Who's Who in America," "The Social Register," or "The 100 Most Important People in the World," is a listing in the "Lamb's Book of Life."

Although a busy man, our President still finds time to spend with his family.

and paper hanging.

Luckily there were no casualties and

the following evening we felt well repaid for all our endeavors as we left behind the cares of the day and entered through the auditorium doors into the pleasant atmosphere of Club Flamingo Dusk.

The program was superb,

the food wonderful

A Better Place.

Events pass rapidly when one is having a good time.

Classes were organized, and the College and Academy Seniors had their presentations.

Reverse week was a memorable occasion — for the fellows. In fact some became downright spoiled!

Time speeds on — the school year will soon be over, leaving in its wake only the lonesome lights of an empty building to shine upon the campus that we all have grown to love.

Connie, our talented and inexhaustible Student Association Secretary, is on the job taking record of the new students for second semester . . .

Best of Luck
B. C.

The memories which will perhaps remain with us the longest are those of a quiet Sabbath afternoon spent in Missionary Volunteer meeting. Charles, our Religious Vice-President, has helped us all to realize a closer walk with God through his timely M.V. programs.

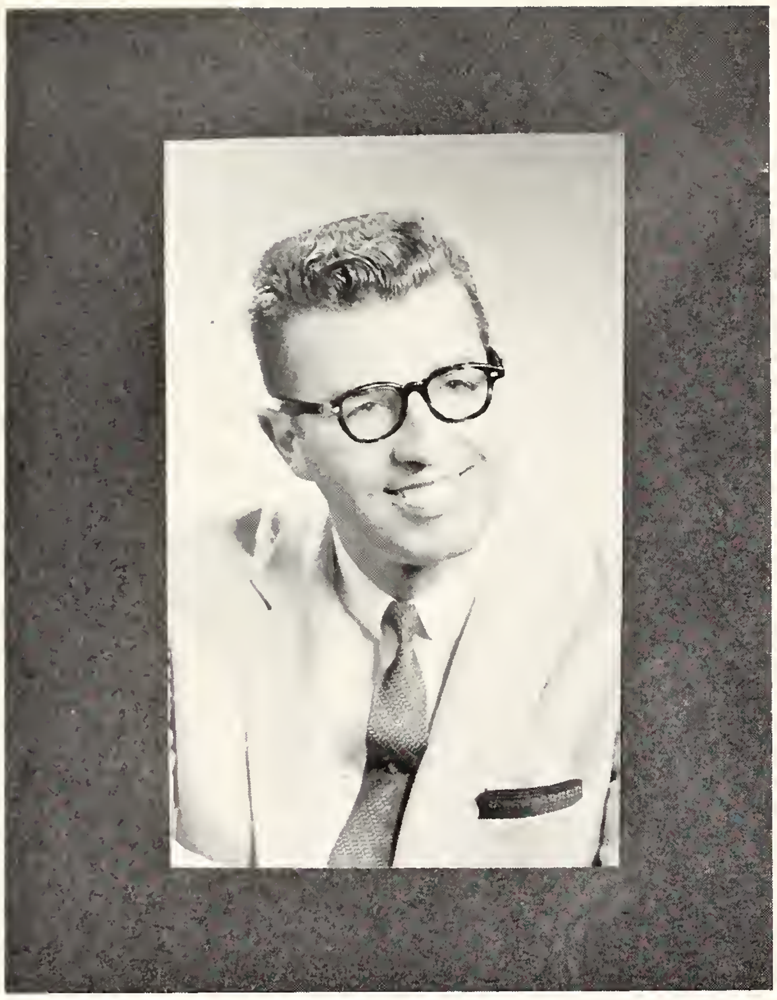
His joyful enthusiasm was felt by all and

sparked the many Missionary Volunteer activities during the year.

Bruce, with varied contests and activities, capably led the Temperance Society during the year. His aim — be temperate in all things — can well be applied to our lives.

Wednesday night always meant a source of encouragement and inner peace as we met in separate prayer circles.

Here among friends we could bring our hopes, despairs, and aspirations together before our Creator and know that we could gain that inner peace that reflects a Christ-filled life. Each week prayer bands gave us courage for the week ahead — courage to face God and our fellow men.



When in trouble there was a way toward which we could always turn for guidance. Elder Evans and his able assistant, Elder Wellman, were always near to lend a sympathetic ear to us. No hour of the day or night was too early or too late.

Dear Pastors: You will never know the lives you've changed by just a cheerful smile and kindly word. We give you our sincere gratitude for your upright Christian lives. We will remember the example you have left us for as long as God permits us to travel our feeble ways along these earthly paths.

There are certain groups within the school organization that we have grown to respect and look upon for leadership.

Among these are the Ushers' Club officers,

the Student Week of Prayer speakers,

the Colporteur Club officers,

and the Master Guides. Theirs is to hold high the lamp to light the way for others.

Well-prepared morning and evening worships are probably not fully appreciated until summer comes and school is over. Then we realize how much a part of us these worships have become.

We find ourselves reminiscing about the ringing of the first worship bell and the sound of hurrying feet as they moved toward the worship room.

the noisy confusion that turned to hushed silence as the last bell sounded — all of this has become a very real part of us, a time when we came very close to God.

It was indeed a wonderful experience to sit back and listen to the A Cappella Choir as they rendered a message in song each Sabbath Day.

And remember that momentous night when the combined church and school choirs sang the Messiah? Songs from a hundred different voices rose and spread out over the congregation in a never-to-be-forgotten event.

One bright spot during the week was certainly the interesting Sabbath school program presented by our Sabbath school officers.

They made Sabbath morning something to look forward to.

Those belonging to the Spanish Club will long remember the Spanish Sabbath school. The lively song service and friendly atmosphere helped one feel as if he was wanted or belonged there.

Elder James Chase brought a direct appeal to us in the Fall Week of Prayer that will not soon be forgotten.

Many during a stirring appeal renewed their Christian experience with God.

Thank you, Elder Chase, for the beam of light you have shed along our paths for you have helped us to find that which we seek!

As our footsteps wander back over the paths we followed during the year, we can't help but bump into Jim, our Student Association Treasurer. It's been a busy year for Jim keeping those books balanced. Remember the New Student Affairs Room open house? Hot apple cider, doughnuts, and soft music all combined to make a pleasant occasion.

Not some more of them! Oh, at least we have potato chips to go with them.

We must find our way down this dark and dreary street -- the burdensome street called Future; the street which ends at our life goal. A dull lamp lights our way, casting a ghostly ray across our path to haunt our heart and mind onward. Onward to success. Someday our dreams will come forth in glorious reality, and the ghostly light shall be but a musing memory as we settle into our big or little nooks of life -- at last. We are the people who will help the future of the world progress.

Southwestern Junior College is Growing with the Southwest

Construction is scheduled to begin in June, 1959 on the new Findley Memorial Library and Administration Building. The new library will accommodate 50,000 volumes with reading room area for 100 students. The cost is estimated to be near $200,000. A substantial portion of the cost of the building was donated to the college by Mr. and Mrs. Percy T. Findley of Lubbock, Texas. The new structure will be located in the heart of the campus immediately north of the old administration building. The old building will be torn down.

SANITATION IS A WAY OF LIFE

It is the quality of living that is expressed in the clean home, the clean farm, the clean business and industry, the clean neighborhood, the clean community. Being a way of life, it must come from within the people. It is nourished by knowledge and grows as an obligation and an ideal in human relations.

Beautiful . . . Practical and ALL ELECTRIC

Here's the kind of kitchen young moderns call a *dream* kitchen. Of course, it's electric! . . . with all the magic appliances that mean maximum cleanliness, beauty, speed, efficiency, and a minimum of drudgery!

An electric range for fast, accurate cooking with the automatic features that mean more leisure for you!

An electric refrigerator with generous space for fresh and frozen foods—and engineered to operate at far less cost than older models!

An electric sink . . . with automatic dishwasher and disposal unit to eliminate your two most irksome tasks: dishwashing and disposal of food wastes.

Yes, kitchen work is a snap . . . when it's done at the snap of a switch! So now that graduation is here, and you've begun to think about a kitchen of your own, just remember—

Wonderful ELECTRIC appliances make meal-making and hospitality a pleasure!

GOING PLACES ?

When you doff that cap and gown, what then?

For most graduates, the end of college is only the beginning of life . . . a life for which you have spent many valuable years in preparation.

If your major is business or engineering, and if you are interested in connecting with a Christian (SDA) organization, may we suggest that you think seriously about ACE?

As a recognized leader in the machine tool industry, ACE is looking for above-average college graduates for well-paying positions of responsibility. Its international ramifications offer a variety of unusual and interesting opportunities.

A letter to the Personnel Director will bring you full information about openings in many parts of the United States and elsewhere.

AUTOGRAPHS

Dear Paul,
It's been great knowing
you this year. I hope you
come back next year. Remember
English II and all our fights?
But it wasn't all bad. Be sweet as
always and you'll have lots of friends.
Sincerely
Marilyn

Well guy
this looks like this
is the parting of the
ways. Remember the
fun that we had on first floor
Seems like ages ago. Well
don't down me this year Roger

"So walking here in
twilight, O my friends;
I hear your voices
softened by the distance,
and pause, and turn
to listen, as each sends
His words of friendship,
comfort and assistance.
Thanks for the sympathies
that ye have shown;
Thanks for each kindly
word, each silent token,
that teaches me when
seeming most alone,
friends are around us
though no word be spoken."

—Henry Wadsworth Longfellow

Espero que este el
año entrante, yo no se
si estudiare aqui o no
pero de todos modos hay nos
vemos despues, no te dejes mucho
trabajo o las muchachas ni los castigos
tanto, keep up the good work and stick
to it that man you already made it just one
year more and to college, I sure hope you made it.
Bueno Paul nomas un amigo que siempre te recordara
porque tu si has sido un buen amigo mio.
